Dell IN2020 & IN2020M 20"W HD Monitors

Outstanding multimedia viewing experience at a great price

Love to have a monitor that delivers brilliantly vivid and vibrant images without a huge price tag? Look no further. The IN2020 and IN2020M 20-inch 1600 x 900 high-definition monitors are excellent for watching videos and viewing photos, with its fast 5ms black to white response time (typical) and mega dynamic contrast ratio estimated at 8 million:1, giving you crystal clear and ghost-free images, as well as rich color details.

Environmentally-conscious display technology

Designed with environmentally-conscious users in mind, the IN2020 and IN2020M LCD monitors with LED backlight comply with stringent environmental standards, like having arsenic-free glass, mercury-free panels, and meeting ENERGY STAR 5.0 compliance standards, thus helping you reduce energy consumption.

Comfort and convenience

The IN2020 and IN2020M monitors not only look good with their high gloss black and slim bezel, but also offer you comfortable viewing by allowing you to easily tilt the panel to your most comfortable viewing angle. The IN2020 monitor comes with a VGA connector for easy connection to mainstream computers while the IN2020M has a DVI port that facilitates streaming of high quality video and audio.
