

HP Pavilion Gaming Mouse 200

RGB-lit. Ergonomic grip.

Your next gaming session is about to get a lot more controlled, comfortable, and colorful. The HP Pavilion Gaming Mouse 200 is optimized for precise control and features an ergonomic design with RGB spectrum lighting.

Extreme precision

Experience accurate aiming and cursor movement with a 3,200 DPI PixArt optical gaming sensor.

Light it up

Customize RGB lighting with twelve different modes—rainbow wave, spectrum, steady, and more.

On-the-fly settings

Easily change lighting effects and DPI in real-time with top mouse buttons.

HP Pavilion Gaming Mouse 200

Featuring

Fits your grip

Designed to fit the majority of hands comfortably with a right-handed ergonomic shape and size.

Customized control

Personalize in-game controls to your liking with 5 customizable buttons.

Peace-of-mind coverage

Rest easy with an HP standard two-year limited warranty
